PRODUCT DESCRIPTION

Designer: John Tree

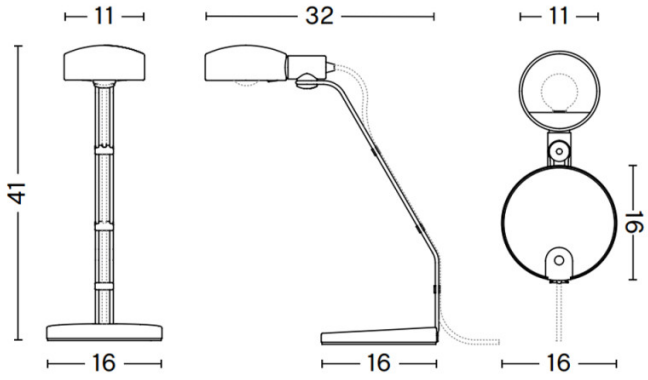

HAY Cupola Desk Lamp

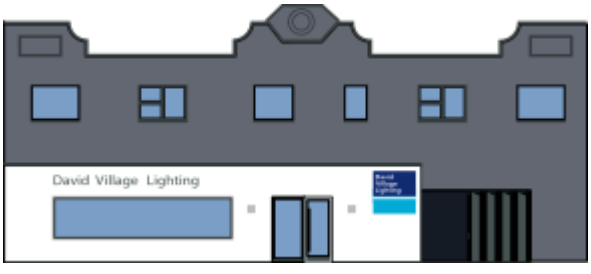

Designed by John Tree, the HAY Cupola Desk Lamp explores how optimal movement can be achieved with minimal mechanisms. This tabletop lighting solution features an adjustable lamp head that rotates 360°, allowing you to direct the light exactly where it is needed. Ideal for desks and other workspaces requiring focused illumination, the Cupola also includes a circular base that keeps the lamp sturdy while staying true to its clean geometric form.

With its minimalist silhouette and sleek finish, the Cupola Desk Lamp takes up little space and adapts easily to both classic and contemporary interiors. Crafted from durable aluminium, it balances a raw, industrial expression with softly rounded forms. For spaces that require an even more compact lighting solution, HAY also offers the Cupola as a **Clip Lamp** or **Wall Light**.
