PRODUCT DESCRIPTION

Designer: ByMars

AGO Mozzi LED Portable Lamp

The AGO Mozzi LED Portable Lamp is a unique lighting solution which features a round opal glass diffuser with an integrated LED unit housed inside, providing soft glare-free lighting to a range of environments and decors. ByMars were inspired by Mochi rice cakes from Japan for the Mozzi design, the flat shape of the diffuser provides a fresh alternative to traditional lamp shapes whilst remaining timeless and sophisticated. The Mozzi Portable boasts a 6-step dimmer function, allowing you to use the light in numerous settings as more functional task lighting or mood lighting. Thanks to the portability of Mozzi, the lamp can be moved from room to room with no hassle.

The IP44 rating of the AGO Mozzi Portable Lamp allows you to transport it outside, for peaceful summer evenings or alfresco dining. The collection of available finishes ranges from more subtle colours such as white or grey to bold and playful colourways such as Terracotta or Mustard.
