PRODUCT DESCRIPTION

Designer: Space Copenhagen

&Tradition Bonnet Chandelier

The Bonnet Chandelier was designed by Space Copenhagen for &Tradition and released in 2024. The minimalistic silhouette features slender metal arms that hold curved shades that envelop the light source, framing and guiding the diffused light with precision. The shades can be directed downwards for direct luminance or towards the ceiling to generate indirect and reflected illumination. The Bonnet is available in two finishes, Black or Bronzed, which complement the chandelier's contemporary aesthetic.

Bonnet is crafted with exquisite attention to detail. The three stem lengths available highlight the design's discerning form while offering a lighting solution that will fit any ceiling height. The chandelier is the definition of elegance and minimalism, presenting a modern twist on a classic design. Display above a dining table, kitchen island, or living area to provide bright and functional lighting, or project the light upwards to fill the room with an ambient glow.

PRODUCT SPECIFICATION

Light Source: 4 x Max 8W LED E27 (Excluded)

IP Code: 20

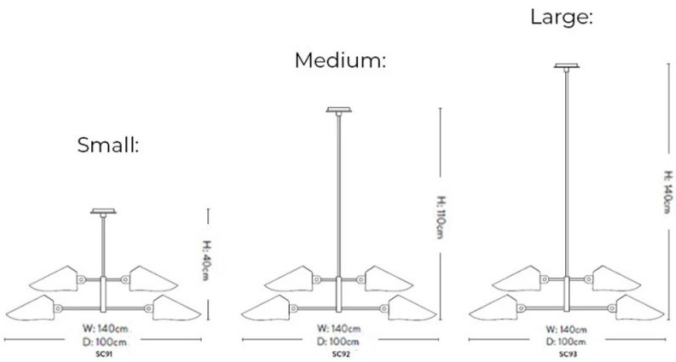

Dimming: Dimmable via mains phase dimming.

Dimensions:

Small:
Width: 140cm
Height: 40cm

Medium:
Width: 140cm
Height: 110cm

Large:
Width: 140cm
Height: 140cm
