&Tradition Bonnet Wall Light

A beautiful companion to the **Bonnet Chandelier**, the &Tradition Bonnet Wall Light was designed by Space Copenhagen and released in 2024. Available in two elegant finishes, Black and Bronze, this wall light offers a modern take on a classic design and boasts an unobtrusive silhouette. The design balances a soft, organic silhouette with the masculinity of industrial materials and visible joints for a dynamic fitting that suits contemporary interiors.

The Bonnet Wall Light is a sleek addition to living rooms, bedrooms, hallways, and kitchens, providing functional, diffused down lighting. A small gap in the top of the shade allows some light to escape, providing even dispersion and a soft, ambient glow. The Bonnet Wall Light can be displayed individually, in pairs or in multiples, framing a doorway, bedside, or a work of art.
