PRODUCT DESCRIPTION

Designer: Knut Bendik Humlevik

New Works Brolly LED Pendant

Designed by Knut Bendik Humlevik and originally released as a **minimalistic portable lamp**, the New Works Brolly Pendant boasts a sleek conical aluminium shade fitted with a PC plastic diffuser - this diffuser houses an integrated LED light source. The result is a comforting and glare-free downlight that is a beautiful addition to almost any room.

The Brolly Pendant utilises simple geometric shapes and expertly adds a designer touch to your interior without being overwhelming. The elegant black finish of this luminaire allows it to adapt to a wide range of contemporary spaces, and thanks to the availability of a small and a large design, Brolly can also be displayed individually or in clusters of varying sizes. The New Works Brolly LED pendant is a graceful addition to living rooms, dining spaces and even kitchens.
