PRODUCT DESCRIPTION

Designer: Anderssen & Voll

New Works Lantern LED Portable

The New Works Lantern Portable Lamp is a 2024 addition to the collection and is a modern representation of the original design inspiration. Conceived by Andersson & Voll, Lantern was inspired by traditional Chinese rice paper lamps and the latest portable variation takes on the same silhouette. Featuring a spherical mouth-blown glass diffuser and a sleek steel handle for transportation, the New Works Lantern Portable is incredibly adaptive.

The LED light source is projected through the crinkled diffuser and provides your room with ambient and peaceful illumination, whilst the integrated 3-step dimmer allows you to expertly personalise the lighting output to suit your needs. Lantern is a perfect lamp for living rooms, bedrooms and reading nooks. The IP44 rating also means it can be utilised in outdoor settings, making it ideal for summer nights in your garden.
