PRODUCT DESCRIPTION

Designer: Panter & Tourron

New Works Kite Pendant

The New Works Kite Pendant is an elegant luminaire, utilising geometric shapes and smooth, textured materiality. The design is courtesy of Panter & Tourron who specialise in simplicity and focus on unique forms, their aim is to redefine luxury products whilst pushing the boundaries of contemporary design. Thanks to the Tyvek shade, Kite projects a soft diffused illumination, which results in a generous ambient glow - perfect for an array of interiors.

The Kite Pendant is available in three shapes and allows you to choose between black or white detailing. These suspended lights can be displayed individually or in unique configurations of varying shapes and sizes. A beautiful way to create a peaceful ambience in living areas, dining rooms, entryways and bedrooms, the New Works Kite Pendant lights serve as a luminous sculptural element.
