PRODUCT DESCRIPTION

Designer: Jessica Vedel

Nuura Florii 3 LED Wall Light

The Nuura Florii 3 Wall Light draws its inspiration from nature, specifically leaves protruding from a branch. The structure is made up of an elegant bronze stem that houses three elegant white shades, each fitted with an LED light source, and can make a statement in both classic and contemporary environments. The shades are angled in varying directions, resulting in a more even illumination, and each LED is easily dimmable to allow you to further personalise the output.

Florii was designed by Jessica Vedel and released in 2024, it adds a beautiful touch of refinement to hallways, kitchens, living rooms and bedrooms. This lamp provides a warm and inviting glow, perfect for areas of relaxation to create a calming ambience after a long day.
