Nuura Florii 1 LED Wall Light

The most stripped back in the Florii collection, this wall light boasts only one shade but carries the same elegance and ambience as the other designs. Inspired by the form of a leaf blowing in the wind, the silhouette of the Nuura Florii Wall Light demonstrates a harmonious union of organic aesthetics and modern design sensibilities. The Florii 1 Wall Light was designed by Jessica Vedel, boasting a refined colour palette this design adapts to both classic and contemporary interior styles, whilst continuing to make a statement.

This organic lamp adds a touch of sophistication to hallways, kitchens, living areas and even bedrooms, providing warm and comforting illumination that can be dimmed to suit your needs. It makes an excellent bedside reading lamp, an ambient wall light for late evenings in front of the television or a functional glow for sharing an evening meal with loved ones. Display it individually or in multiples, the possibilities of Florii are endless.
