PRODUCT DESCRIPTION

Designer: Antoni Arola

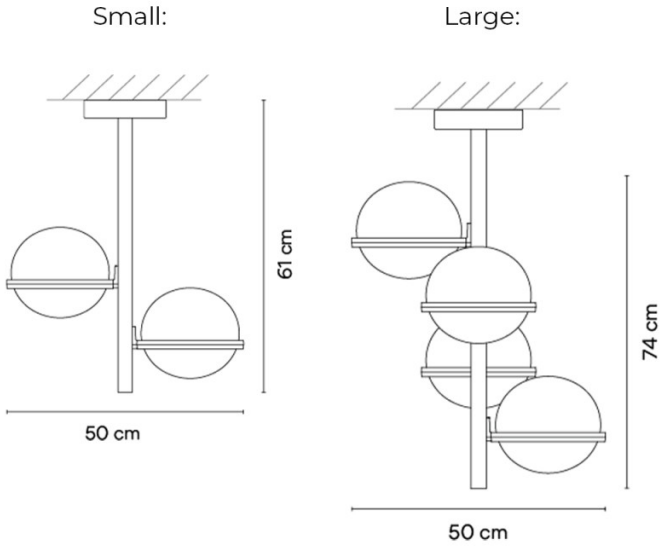

Vibia Palma LED Ceiling Light

The Vibia Palma Ceiling Light was designed by Antoni Arola and boasts the collection's iconic spherical glass diffusers. This ceiling light is available in two sizes, with the smaller variation housing two diffusers and the large holding four - placed at varying heights. A central graphite aluminium spine extends down the centre of the silhouette, forming an elegant organic structure.

The Palma Ceiling Light projects a warm and diffused illumination, that can be dimmed to suit your needs, providing ambience and functionality. The luminaire can be utilised in residential and commercial interiors, such as living rooms, kitchens, hallways, restaurants, cafes, bars and hotels.
