PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Pinhole Slimline Round Fixed Fire-Rated IP65 Recessed Light

Astro Pinhole Slimline Round Fixed Fire-Rated IP65 Recessed Light is a Matt White fixed recessed ceiling light with a round cut-out, wired-in installation, and Class II double-insulated construction.

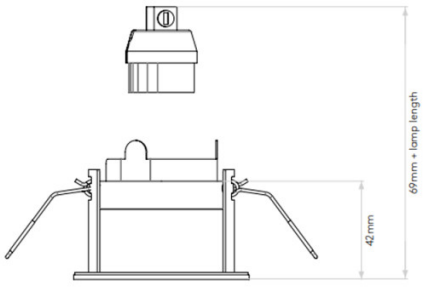

The slimline design uses special glass to keep the fitting shallow, with the lamp set back into the body to help reduce glare from the ceiling. Its Matt White finish gives the light a clean, minimal appearance once installed, making it suitable for modern interior schemes where the fitting needs to sit quietly in the ceiling.

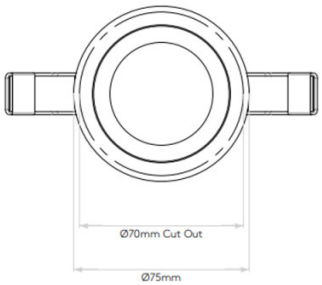

With an IP65 rating, the Pinhole Slimline Round Fixed Fire-Rated IP65 Recessed Light is suitable for bathroom zones 1, 2, and 3, and is also fire-rated for added installation safety. It is dimmable when used with a suitable dimmable lamp. Most suited to bathrooms, hallways, kitchens, dining spaces, and interior ceilings where a fixed recessed downlight is required.

Please Note, The Astro Pinhole is fire-rated and is not suitable for covering with thermal insulation.
