PRODUCT DESCRIPTION

Designer: Thomas Bentzen

Muuto Two-Layer Pendant

The Muuto Two-Layer Pendant was designed by Thomas Bentzen and is a portrayal of classic Scandinavian design principles. Two-Layer features a sleek steel structure and an elegant mouth-blown glass shade, it combines clear and frosted glass, alongside a punched steel mesh, resulting in both a functional downlight as well as a more even ambient glow. Ripples are carved into the glass shade, adding depth and a unique touch to the design, also creating unique lighting effects when illuminated.

The three available colours of the Muuto Two-Layer Pendant remain understated, whilst still adding a unique touch, choose between Black, Grey or Olive to showcase your style. Two-Layer is supplied with the required light source and can be easily dimmed to fit your needs. A beautiful addition to kitchens, dining spaces and above counters or tables in residential and commercial interiors.
