PRODUCT DESCRIPTION

Designer: Meike Harde

Vibia Knit LED Table/Floor Lamp

An intricate design by Meike Harde, the Vibia Knit LED Table/Floor Lamp is a cosy and inviting lighting solution. The rounded silhouette is crafted from polyethene and acts as a diffuser, a lycra material is stretched across the frame and adds a depth to the design. Light seeps outwards through the Knit floor lamp's fabric and produces an even 360-degree glow, The two-tonal stitching, together with the varying depths of the lycra project different hues and underscore a sensation of comfort.

The top of the Vibia Knit Table/Floor Lamp is fitted with an integrated dimmer, allowing you to adjust the intensity of the lighting output and generate an ambience that suits your needs. Available in three sizes, the Knit lamp can adjust to a range of interiors and creates a strong sense of connection with its settings.
