PRODUCT DESCRIPTION

Designer: Carlotta de Bevilacqua

Artemide Architectural A.24 Magnetic Track

A.24 is a modular 24 mm track that lets you create continuous light lines and clean turns. The profile supports ceiling mounted, recessed or suspended layouts. It accepts linear light modules in 1176 mm or 2352 mm, curved sections, and 90 degree joints on the same plane or on perpendicular planes.

Choose from 2700K, 3000K or 4000K modules. Selected suspended modules offer direct light with an added indirect component. Each element can be addressed through DALI or managed with the Artemide App. Five finishes help the system blend into commercial interiors and high end residential schemes. A.24 Magnetic uses Artemide SELV D.art for safe and compliant DALI integration.

As the official UK distributor, we can support you with the Artemide configurator and specification. Contact us at artemide@davidvillagelighting.co.uk.

PRODUCT SPECIFICATION

Light Source:	Available in 2700K, 3000K or 4000K colour temperature. Wattage and lumen output vary by luminaire type.
