PRODUCT DESCRIPTION

Designer: Monika Mulder

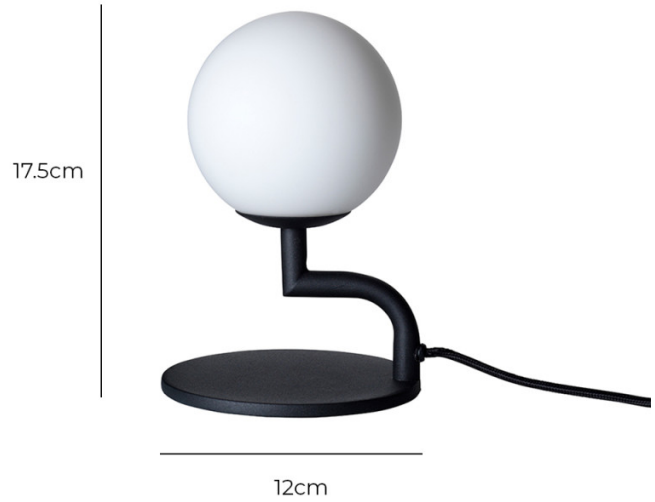

Pholc Mobil Table Lamp

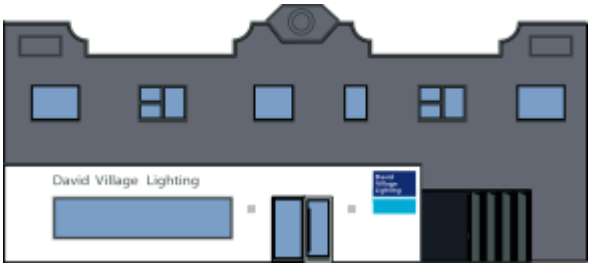

A 2024 addition to the **Mobil collection**, this Table Lamp utilises the curved silhouette and spherical glass shade seen throughout the range. The shade conceals the inner light bulb, resulting in a warm and diffused glow that will act to illuminate the surrounding area, casting it in a warm glow. The design of the Mobil Table Lamp is courtesy of Monika Mulder who drew inspiration from the round lights on the Brooklyn Bridge as well as the iconic black metal balconies in New York.

The Pholc Mobil Table Lamp is available in either a black or brass finish and generates an evenly emitted ambient glow that is a beautiful addition to various interiors. Both colours provide an elegant aesthetic and can adapt to a range of personal styles. Display this contemporary design in living rooms, bedrooms, dining areas and on shelves and bookcases.

PRODUCT SPECIFICATION

Light Source:	1 x Max 20W G9 (excluded)
IP Code:	20
Dimming:	In-line dimmer included on the cable.
