PRODUCT DESCRIPTION

Designer: Pascal Hien

Le Klint Spot Table/Wall Lamp

The Le Klint Spot Table/Wall Lamp was designed by Pascal Hien and is crafted from durable and honest materials. Hien designed this lamp to pay tribute to timeless design, and it is a perfect encapsulation of his extensive experience and his thoughtful approach to the process. Choose between displaying the Spot on your tabletop or, using the fixture provided, exhibiting it on your wall.

The Spot lamp by Le Klint not only makes an impression with its stylish appearance but also with its practical functionality. The four colour variants add unique character to any interior, while the beautiful oak handle, available in light or smoked oak, completes the lamp's elegant design. This wooden feature acts as a handle to manoeuvre and angle the lamp head to direct the illumination to where it is most needed. The result is a functional lighting solution that makes an excellent task lamp, reading light or accent light in a range of rooms.
