NORR11 Fuji Pendant Light

The NORR11 Fuji Pendant, designed by Kristian Sofus Hansen and Tommy Hyldahl in 2022, draws inspiration from Japan's iconic Mount Fuji. Characterised by its conical shape, this pendant lamp merges opal glass with a smooth aluminium profile, creating a soft and decorative light. The opal glass gently diffuses light, providing a warm, translucent glow that enhances both contemporary and traditional interiors.

Available in three sizes, the Fuji Pendant can be used as a standalone piece or combined in clusters to create a striking installation. Its minimalist design, drawing from Japanese and Scandinavian influences, adds an understated elegance to any room. Ideal for living areas, dining rooms, or even creative studio spaces, the Fuji Pendant blends functionality with bold, sculptural aesthetics.

Please note, a Fuji Wall Light is also available. Contact us for pricing and information.

PRODUCT SPECIFICATION

Light Source: 1 x Max 8W LED E14 (Excluded)

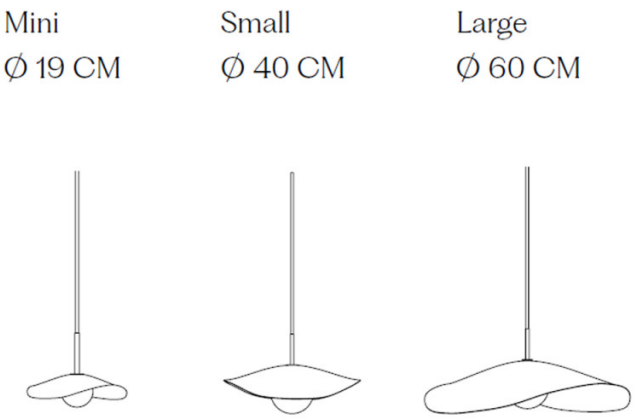

IP Code: 20

Dimensions:

Mini:
Shade: Ø19cm

Small:
Shade: Ø40cm

Large:
Shade: Ø60cm
