Tom Dixon Unbeaten Table Lamp

The Unbeaten Table Lamp by Tom Dixon is a variation of the table lamp from their previous **Beat Collection** . The Beat collection became so popular that it inspired many inferior imitations. Tom Dixon has created the **Unbeaten Collection** to combat these poor copies. This is a celebration of the raw state of aluminium and is created with hand-spun and hand-brushed premium aluminium, ensuring it exudes both luxury and ruggedness.

The Unbeaten Table Lamp is perfect in both domestic and commercial spaces. The articulated arm makes this lamp ideal for task lighting on your desk or used as a bedside lamp.

Please Note: the LED ring of the Tom Dixon Unbeaten Table Lamp is replaceable.
