Lee Broom Alchemist Mythos Wall Light

The Mythos Wall Light from Lee Broom's Alchemist collection is an elegant, sculptural piece that blends alchemy-inspired design with modern craftsmanship. The illuminated glass orb, nestled within a single brass link, radiates a soft glow while creating an illusion of floating light. With its concealed connections, the Mythos Wall Light offers a refined and intriguing visual effect, as it appears to defy the typical construction of lighting.

Inspired by Greek mythology and ancient alchemical texts, this wall light symbolises the interconnection of all creation. The use of opal glass and brushed brass further enhances its timeless appeal, making it an ideal choice for both residential and commercial interiors seeking an element of mystery and elegance.
