PRODUCT DESCRIPTION

Designer: Lee Broom

Lee Broom Alchemist King LED Suspension

The King Suspension is a majestic chandelier that stands at the intersection of art and design. Formed from individual brushed metal leaves, each piece is folded, tapered, and meticulously brushed by hand to create tiered rings that conceal an illuminated glow. The chandelier casts a soft, enveloping light, creating a striking visual contrast between the golden leaves and their shadows.

Inspired by the mythological King of Salem and the legend of King Arthur, King features a regal crown-like design with medieval undertones fused with modern brutalism. Available in two sizes, this chandelier is a statement piece that commands attention whether installed in a grand entryway, dining area, or living room.
