PRODUCT DESCRIPTION

Designer: Monika Mulder

Pholc Hans Pendant

The Pholc Hans Pendant Light is a minimalistic and functional luminaire, designed by Monika Mulder. The inspiration behind the curved silhouette of this light came from the movement of a wave and it is aptly named after designer Hans Wegner due to it mirroring the curves of the Hans Wegner chair. Available in two sizes and two finishes, this pendant can be displayed individually or in multiples for a more dramatic cluster of different sizes.

This stylish lighting solution is a stunning addition above dining tables and kitchen islands and provides functional downlighting onto the surface below. Hans is crafted from matt lacquered aluminium, providing an elegant style as well as a durable frame.
