Tom Dixon Unbeaten Floor Lamp

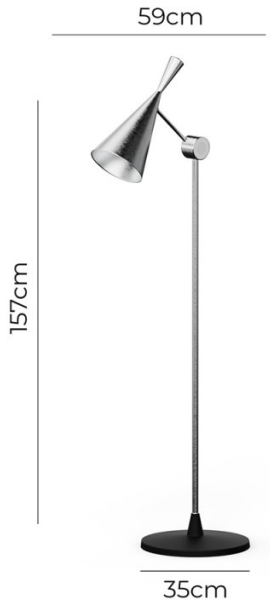

The Unbeaten Floor Lamp by Tom Dixon is part of the new **Unbeaten Collection** which has been created to combat poor imitations of the popular **Beat Collection**. Made by skilled artisans in India, the Unbeaten Floor Lamp is crafted using thicker metal and superior illumination and electrical components than its imitation counterparts.

The simplicity of the design is to showcase the beauty of aluminium and to celebrate its raw state. With a modern and industrial design, The Unbeaten Floor Lamp is perfect for both domestic and commercial spaces. The articulated arm can be used to adjust the direction of the light beam, making it ideal for task lighting.

Please Note: the LED ring of the Tom Dixon Unbeaten Floor Lamp is replaceable.
