PRODUCT DESCRIPTION

Designer: Tom Dixon

Tom Dixon Unbeaten Flat LED Pendant

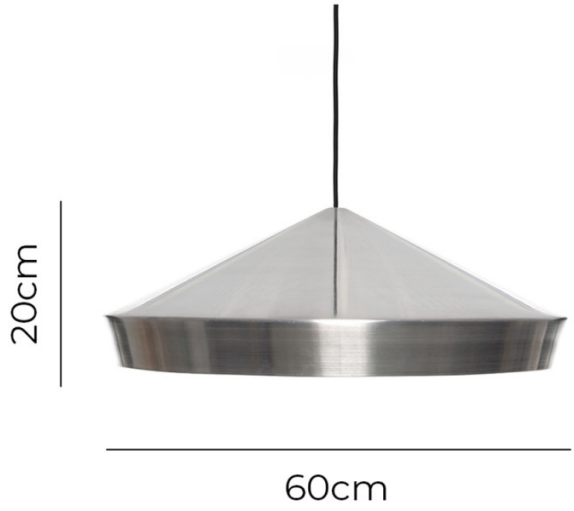

The Unbeaten Flat Pendant is a part of the **Unbeaten Collection** by Tom Dixon. Unbeaten follows their **Beat Collection** which, since launching 20 years ago, has become highly popular. However, the success of this collection was followed by a multitude of many poor-quality imitations. Determined to combat these imitations, Tom Dixon was inspired to create The Unbeaten Collection - a new take on previous designs, created to showcase the beauty of high-quality hand-spun and hand-brushed aluminium. This new collection is made by skilled artisans in the same factory in India as the Beat collection.

The Unbeaten Flat Pendant is a stunning pendant for the home or commercial spaces. It has been designed to be hung individually or as multiples with other pendants from the collection. The height that these pendants can be hung can also be altered, ensuring flexibility for a range of spaces and personal styles. The direct downwards light makes the Flat Pendant ideal to hang over work surfaces or to be used as a main light throughout the home.

Please Note: the LED ring of the Tom Dixon Unbeaten Flat Pendant is replaceable.
