Tom Dixon Unbeaten Waist LED Pendant

The Tom Dixon Unbeaten Waist Pendant is created as a celebration of the beauty of raw aluminium. It is crafted in India by skilled artisans, using premium materials to showcase hand-spun and hand-brushed aluminium. The Waist Pendant is part of the **Unbeaten Collection** which was created in response to inferior imitations following Tom Dixon's **Beat Collection**. Both collections are made in the same factory, with Unbeaten utilising modern manufacturing techniques to enhance functionality and aesthetics.

The Unbeaten Waist Pendant has a wide range of applications. Suitable for both domestic and commercial use, these pendants can be hung on their own or in multiples at different heights offering flexibility for a range of decors and personal styles. The Waist Pendant provides direct downwards lighting while creating a bold silhouette of the lampshade, making a stunning statement in your home.

Please Note: the LED ring of the Tom Dixon Unbeaten Waist Pendant is replaceable.
