Tom Dixon Unbeaten Wide LED Pendant

The Unbeaten Wide Pendant is part of Tom Dixon's **The Unbeaten Collection**. Tom Dixon is renowned for creating eye-catching and fashionable pieces - something that is beautifully showcased in The Unbeaten Collection. These pendants are a variation from **The Beat Collection**, which draws inspiration from the shape and simplicity of Indian water vessels. Tom Dixon developed this design further with Unbeaten, making this collection a celebration of aluminium, exhibiting its materiality in its raw form.

The Unbeaten Wide Pendant provides a direct downward light, making it ideal for illuminating work surfaces and tables throughout your home. It can be hung on its own, in multiples, and at a range of heights. This versatility means The Wide Pendant can fit seamlessly into many different decors.

Please Note: the LED ring of the Tom Dixon Unbeaten Wide Pendant is replaceable.
