DCW editions Munari 6 LED Suspension

Designed by industrial designer Lutz Pankow, the Munari 6 Suspension Chandelier is a modular lighting piece that embodies both artistic and technical brilliance. The chandelier's six light sources are mounted on an intricate structure, evoking a sense of motion and play within its illuminated configuration. Inspired by Bruno Munari's experimental, playful approach to design, the chandelier draws on the poetic and visual aspects of light.

This suspension light emits a warm, dimmable glow at 2400K, creating a soft, ambient environment suited to both modern residential and commercial spaces. Perfect as a statement piece in living rooms, dining areas, or reception spaces, it transforms interiors with its graphic, almost sculptural presence. Its black finish and sleek metal structure create a refined look, blending modern aesthetics with timeless appeal.

Each Munari piece arrives in flat-pack form, echoing Munari's influence and Lutz Pankow's commitment to scientific design – the packaging includes easy-to-follow assembly instructions, making this chandelier as functional as it is beautiful.

PRODUCT SPECIFICATION

Light Source: 20W LED, 2400K, 3840 Lumens

IP Code: 20

Dimming: Dimmable via Triac dimming.

Dimensions: Structure: Ø120cm

Cable Length: 500cm (max)

Canopy Diameter: Ø24cm x 3cm
