PRODUCT DESCRIPTION

Designer: Bent Karlby

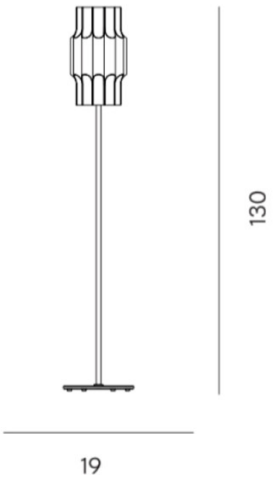

LYFA Pan 190 Floor Lamp

The LYFA Pan 190 Floor Lamp, a creation of renowned Danish designer Bent Karlby from 1970, showcases his timeless approach to lighting design. A sleek, elongated form with partially exposed tubular elements, this floor lamp emits a warm downlight complemented by subtle ambient illumination through the open top. Constructed from anodised aluminium and available in both classic aluminium and bronze finishes, the PAN 190 floor lamp harmonises form and function, adding elegance to any interior space.

Ideal for living rooms, reading nooks, and lounge areas, the Pan 190 combines aesthetic allure with practical illumination. The durable aluminium construction and quality craftsmanship ensure lasting appeal, while the choice of finishes allows it to integrate seamlessly into diverse decor styles. The floor lamp is an artful blend of vintage design with a contemporary twist, perfectly capturing Karlby's vision and LYFA's dedication to superior lighting solutions.
