PRODUCT DESCRIPTION

Designer: Bent Karlby

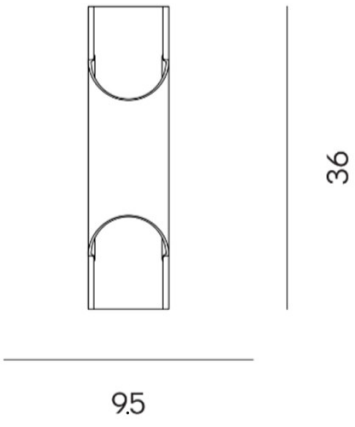

LYFA Pan 95 Wall Light

Designed in 1970 by Bent Karlby, the LYFA Pan 95 Wall Light blends bold presence with a subtle light effect. The generously sized tubular design emits soft, ambient light upward, casting a beautiful glow that illuminates the aluminium surface and adds a decorative pattern on the wall. An intimate downlight completes the effect, making this lamp an ideal choice for warm, ambient lighting.

With finishes available in anodised aluminium or a striking bronze, the Pan 95 suits both modern and traditional interiors, adding depth and character. Its combination of craftsmanship and Karlby's signature aesthetic creates a versatile wall light that enhances any space, from living areas to corridors or statement commercial interiors.
