PRODUCT DESCRIPTION

Designer: Bert Frank Design Team

Bert Frank Eos Wall & Ceiling Light Xtrem

The Eos Wall & Ceiling Light Xtrem by Bert Frank represents the fusion of British craftsmanship with refined aesthetics. Inspired by the timeless forms of chalices, this light features a frosted glass globe that diffuses a warm, even glow, making it ideal for various settings. Crafted using traditional sand-casting methods and precision CNC machining, the fixture combines textured brasswork with a smooth glass surface, embodying a balance between the traditional and the modern. Available in brushed brass, antique brass, or dark bronze finishes, it seamlessly adapts to diverse interior styles.

Engineered for versatility, the Eos Wall & Ceiling Light Xtrem can be mounted on walls or ceilings, making it a multifunctional addition to both residential and commercial spaces. Its dimmable via Triac dimming functionality allows you to set the perfect ambience, whether you seek soft, ambient lighting or a brighter focal point. Every detail, from the hand-finished brass to the carefully selected frosted glass, showcases Bert Frank's dedication to enduring quality and elegant design.
