PRODUCT DESCRIPTION

Designer: Omer Arbel

Bocci 100s/sp LED Wall / Ceiling Light

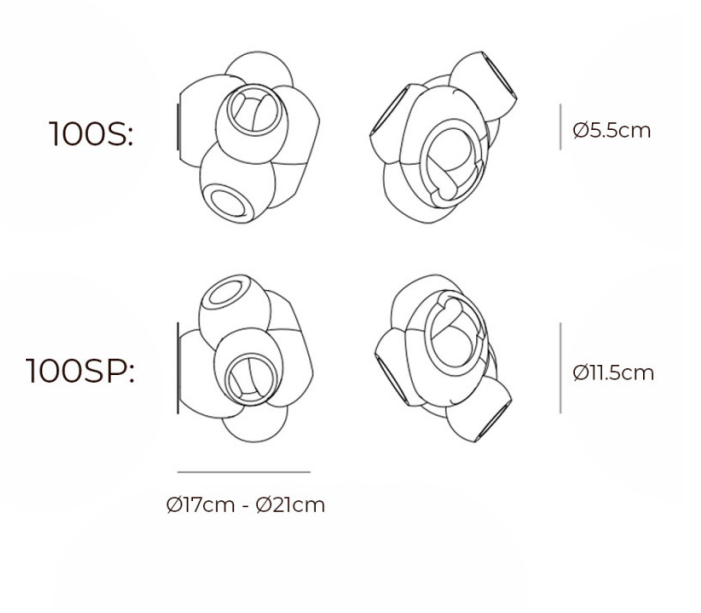

The Bocci 100s/sp Wall / Ceiling Light is a striking testament to Bocci's unique approach to glass artistry. Multiple glassblowers work in unison, melding glass spheres into a complex, layered structure that is then meticulously cut with a diamond saw to reveal a play of inner and outer surfaces. This process gives each 100s/sp light a one-of-a-kind aesthetic, with LED illumination that enhances the glass's textured, sculptural quality and provides an ambient, nuanced glow.

Mounted on either a white or brass-finish base, the 100s/sp light can be installed on walls or ceilings, adding versatility and elegance to any space. The piece's soft, organic shape, paired with the controlled chaos of the glasswork, makes it a captivating focal point, whether used as a single statement piece or in clusters. This handmade fixture captures the spirit of Bocci's craftsmanship, bringing a sophisticated blend of art and functionality to residential or commercial settings.

Please Note: The handcrafted nature of the Bocci 100s/sp LED Wall / Ceiling Light means that each piece will be unique and will vary in size and shape.

PRODUCT SPECIFICATION

Light Source:	1W, 2700K, 100 Lumens 2500K and 3000K options are available on request.
IP Code:	20
Dimming:	Dimmable via trailing edge mains phase (Please note control must be compatible with electronic low voltage)
