PRODUCT DESCRIPTION

Designer: Omer Arbel

Bocci 100s-Brass LED Wall / Ceiling Light

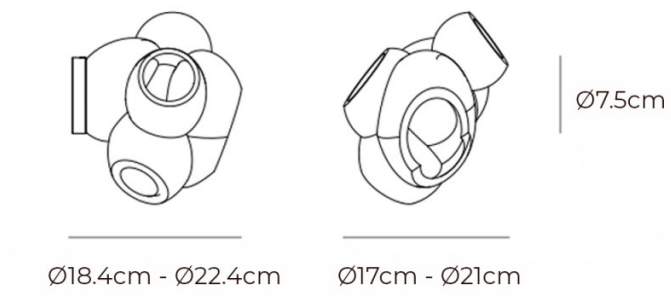

The Bocci 100s-Brass Wall / Ceiling Light is an exceptional fusion of glassblowing artistry and innovative design, created by the acclaimed designer Omer Arbel. This unique piece results from a collaborative glassblowing process in which multiple artisans work in sync to shape interlocking glass spheres. Once cooled, a diamond saw slices carefully through the layers, unveiling the interplay of inner and outer surfaces, lending each piece an organic and intricate aesthetic. The 100s series is celebrated for its complexity, with an LED light embedded at its core to illuminate the sculptural glass in a soft, ambient glow.

Mounted on a sophisticated brass cylinder base, the 100s-Brass can be easily installed on walls and ceilings, making it versatile for a range of interior applications. Each light is a one-of-a-kind work of art, with subtle variations in shape and texture resulting from the hand-blown process. Ideal as a statement piece or arranged in multiples for a dramatic effect, the Bocci 100s brings a harmonious blend of modern craftsmanship and timeless elegance to residential and commercial spaces alike.

Please Note: The handcrafted nature of the Bocci 100s-Brass LED Wall / Ceiling Light means that each piece will be unique and will vary in size and shape.

PRODUCT SPECIFICATION

Light Source:	1W, 2700K, 100 Lumens 2500K and 3000K options are available on request.
IP Code:	20
Dimming:	Dimmable via trailing edge mains phase (Please note control must be compatible with electronic low voltage)
Dimensions:	Width/Height: Ø17-21cm (Size will vary) Depth: Ø18.4-22.4cm (Size will vary) Base Plate Size: Ø7.5cm
