PRODUCT DESCRIPTION

Designer: Poul Henningsen

Louis Poulsen PH 3/2 Pale Rose Table Lamp

The PH 3/2 Pale Rose Table Lamp is based on Poul Henningsen's iconic 1926 design of the three-shade system. Henningsen had a scientific approach to light and continued to create designs based on the same system, with the three shades and dispersed reflection through glass reducing glare and shadow. This Pale Rose edition of the popular **PH 3/2 Table Lamp** features mouth-blown opal glass shades paired with brushed brass elements, a combination that is both elegant and timeless. The three-shade system conceals the light source to eliminate glare from the lamp while diffusing light to create a soft glow.

The downward-directed light from the PH 3/2 Pale Rose Table Lamp is filtered through each layer of the shade, creating an evenly distributed island of light. This, along with the warm light it emits, makes this lamp perfect for a desk or to create ambient lighting on a bedside table. Please note that the brass is untreated, meaning that if left unpolished, the surface will change over time and develop a patina. This gives you the choice to maintain its original brass finish or to allow your lamp to create its own unique character through the patina it develops.

PRODUCT SPECIFICATION

Light Source:	1 x Max 3W E14 LED (Excluded)
IP Code:	20
Dimming:	In-line on/off switch included on cable.
Dimensions:	Shade: Ø28.5cm Height: 47.2cm Base: Ø15.5cm Cable Length: 280cm
