PRODUCT DESCRIPTION

Designer: Poul Henningsen

Louis Poulsen PH 2/1 Pale Rose Brass Table Lamp

The PH 2/1 Pale Rose Brass Table Lamp by Louis Poulsen is based on a 1926 design from Poul Henningsen. The classic design, which features a three-shade system, proved so popular that it is still being used today. The three shades create a timeless and elegant silhouette while the lamp is switched off. When illuminated, the shades conceal the light source, reducing glare, and act as a filter, diffusing light into a warm glow that surrounds the table lamp. The inviting and cosy atmosphere that the table yields is perfect for creating ambient lighting on a bedside table or in a living room.

The PH 2/1 Pale Rose Brass Table Lamp is manufactured using mouth-blown opal glass for the shade, which is sandblasted on the inner side to aid in reflecting light, and a brass, brushed, and untreated base with fine hairlines. As the brass is untreated, a patina will develop on the base if left unpolished. This gives you the choice to either maintain the original brass finish or allow a patina to develop over time, adding a unique characteristic to the lamp.

PRODUCT SPECIFICATION

Light Source: 1 x Max 2.5W G9 LED (Excluded)

IP Code: 20

Dimming: In-line on/off switch included on cable.

Dimensions: Shade: Ø20cm
Height: 35.5cm
Base: Ø12cm
Cable Length: 280cm
