New Works Lantern Globe Table Lamp

The New Works Lantern Globe Table Lamp was designed by Anderssen & Voll. The design duo were inspired by Chinese lanterns for this collection and ensured that the Lantern Globe lamps exude the same delicate and textured quality as their Chinese counterparts. Each shade is made from mouth-blown frosted opal glass, ensuring durability while conveying a weightless appearance. The shade also acts as a diffuser, creating a glare-free and welcoming soft glow of light that surrounds the lamp.

The New Works Lantern Globe is part of the **Lantern Collection** which consists of a floor, table, ceiling, and pendant variation as well as an LED portable lamp. For brightness control, the Lantern Globe Table Lamp has been installed with a dimmer, allowing you to control the brightness to suit your needs. Available in three sizes, the small and medium Globe lamps can be placed on shelves, windowsills, and bedside tables, while the large lamp can be used on a table or as a floor lamp, placed next to a sofa or in communal spaces. The warm glow emitted by this lamp makes it perfect for creating an inviting atmosphere in bedrooms, studies, or in a reading nook.
