PRODUCT DESCRIPTION

Designer: Luca Nichetto

&Tradition Gio Pendant

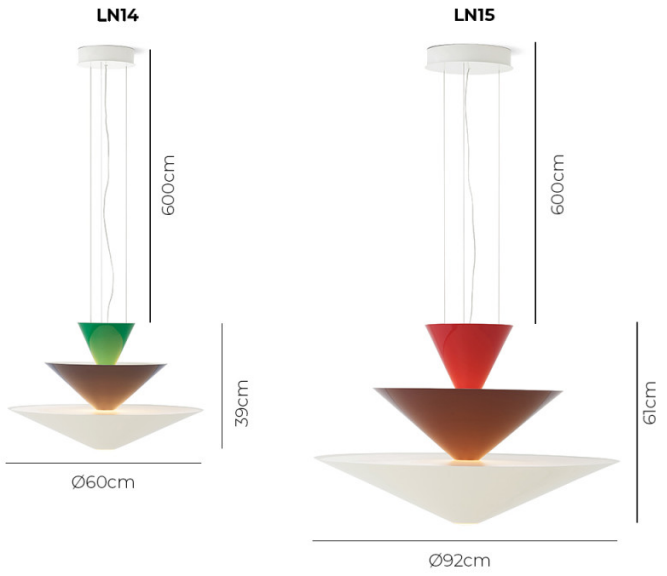

The &Tradition Gio Pendant redefines the traditional chandelier with a modern twist, designed by Luca Nichetto as a tribute to Venetian craftsmanship and Gio Ponti's design philosophy. This stunning chandelier is available in two sizes, LN14 and LN15, each featuring layers of spun aluminium discs arranged in vibrant colour combinations like Signal Green with Deep Blue and Vermilion Red with Dark Burgundy. These striking palettes evoke the bold aesthetics of Ponti's work while maintaining a minimalist conical silhouette.

Functioning as both an uplight and a downlight, the Gio Pendant casts a warm and inviting glow, creating an atmosphere of understated elegance. Whether used as a statement piece in grand dining rooms or to add character to smaller, intimate spaces, the Gio Pendant's sculptural design ensures it stands out. Perfectly blending traditional craftsmanship with modern functionality, it is a captivating addition to contemporary interiors.

Please note, this product is also available in a DALI dimming version. Please contact us for more details and pricing.
