PRODUCT DESCRIPTION

Designer: John Tree

HAY Apex Wall Light

The HAY Apex Wall Light is an extension of John Tree's **Apex Collection**, embodying the same dynamic, playful design in a wall-mounted format. Featuring a folded steel shade inspired by the peaked silhouette of a traditional banker's lamp, this compact light adds a touch of industrial charm to your space. The shade can rotate 360 degrees, allowing you to adjust the light's direction for task or ambient lighting. Its clean chrome accents and vibrant colour options make it a versatile addition to any interior.

Designed with practicality in mind, the Apex Wall Light comes with a plug-and-cable system, complete with an integrated on/off switch for easy use. Whether mounted vertically or horizontally, this wall light is ideal for use in hallways, bedrooms, or living areas where functional and decorative lighting is needed. Available in bold finishes such as Oyster White, Luis Pink, and Emerald Green, the Apex Wall Light allows for personalisation while maintaining a cohesive, contemporary aesthetic.
