HAY Buoy Pendant Light

The HAY Buoy Glass Pendant is a sculptural lighting piece that draws inspiration from nautical floating buoys. Designed by Aspekt Office, this lamp showcases the beauty of hand-blown glass, resulting in soft curves that offer both functionality and aesthetic appeal. Available in two sizes, 200mm and 300mm in diameter, the Buoy pendant can either be used individually or combined to create an atmospheric lighting arrangement. The smooth, translucent glass emits a gentle, diffused light, making it perfect for creating an ambient glow in any room.

In addition to its elegant form, the HAY Buoy pendant offers flexibility with a range of cord colours, including Clay White, Soft Black, Beton Grey, Rusty Red, Garden Green, Anthracite Blue, Amber Yellow, and Pastel Lilac. This allows users to personalise the lamp to suit their interior. Whether it's suspended above a dining table, in the hallway, or clustered together for a striking effect, the Buoy pendant adapts effortlessly to a variety of settings. The lamp's clean lines and thoughtful design ensure that it complements both modern and traditional interiors with ease.
