PRODUCT DESCRIPTION

Designer: Space Copenhagen

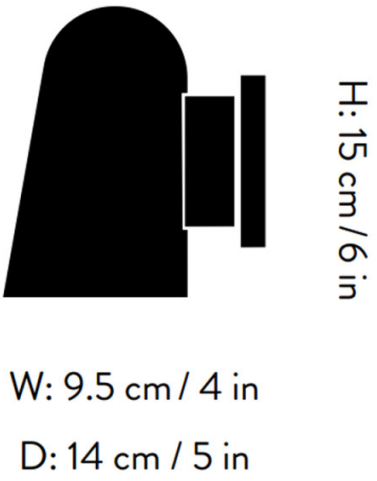

&Tradition Solid Outdoor Wall Light

The &Tradition Solid Outdoor Wall Light, designed by Space Copenhagen, brings a refined elegance to outdoor lighting. Inspired by nautical aesthetics, this wall lamp embraces the craft of brass casting, resulting in a sturdy yet sculptural form. The bell-shaped silhouette evokes maritime influences, reminiscent of ship lanterns that have stood the test of time. Available in Brass, the Solid Outdoor Wall Light offers versatility and durability, making it a perfect addition to residential gardens, hotel facades, or urban exteriors.

The clear glass diffuser ensures focused illumination, ideal for highlighting architectural features, illuminating walkways, or creating ambient outdoor lighting. For a softer, diffused glow, an opal diffuser is available upon request. Designed to endure the elements with an IP44 rating, the Solid Outdoor Wall Light is a sophisticated yet practical solution for modern outdoor spaces.
