Astro Tacoma Single Wall Light

The Astro Tacoma Single Wall Light is a simplistic design that adds a touch of elegance to any room. Ideal for a hallway, dining room or bathroom, the Tacoma Single wall light emits a bright yet diffused light that creates a calming atmosphere. The glass compliments the black finish of the wall mount. The unique ribbed effect of the glass shades creates a beautiful pattern of light and reflections on the wall. Whereas the simple glass version provides a simple and delicate addition to the hardy wall mounts.

This product would look stunning individually but could also be paired or clustered with other lights from the Tacoma collection.
