LYFA Futé LED Table Lamp

Designed by GamFratesi, the LYFA Futé LED Table Lamp combines timeless elegance with modern functionality. A carefully curated mix of ceramic, textile, and metal gives this table lamp a refined and tactile presence, making it a versatile addition to contemporary interiors. The soft textile shade diffuses light evenly, creating a gentle and inviting glow, perfect for ambient illumination. Whether placed on a side table, shelf, or bedside stand, the Futé lamp brings a sense of sophisticated warmth to its surroundings.

One of its defining features is the integrated touch-sensitive dimming system, subtly built into the metal detailing at the centre of the lamp. This three-stage dimming function allows users to effortlessly adjust brightness levels, making it adaptable for both functional and atmospheric lighting. The lamp is available in two sizes—Ø350 and Ø400—to suit different spaces and styling preferences. With its sleek silhouette and thoughtful craftsmanship, the LYFA Futé LED Table Lamp is a seamless fusion of aesthetics and innovation, offering a modern take on Scandinavian lighting design.
