The KDLN Kushi suspension was designed by Alberto Saggia & Valerio Sommella after being inspired by Japanese cuisine. Kushi, meaning skewer in Japanese, features a double-layered opal glass shade that appears to be skewered by a metal rod. This abstract shape emulates the simplicity of Japanese design as only two elements create this stunning fixture.

The Kushi suspension can be hung above a table or hallway as an individual item or as a cluster. The metallic finish adds a luxurious touch to your interior.
