PRODUCT DESCRIPTION

Designer: Paolo Rizzatto

Nuura Rizzatto 301 Ceiling Light

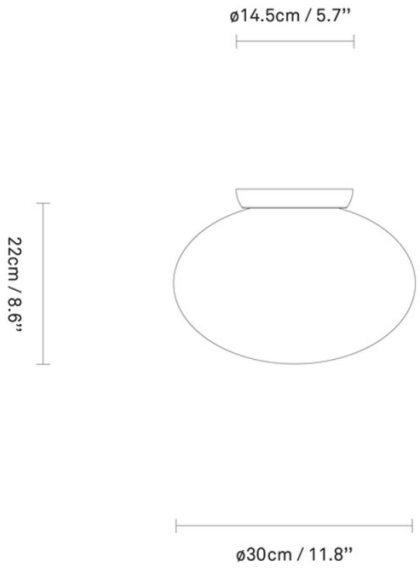

The Nuura Rizzatto 301 Ceiling Light, designed by Paolo Rizzatto, combines sculptural aesthetics with functional lighting. Inspired by the geometric elements of the Rizzatto 32 chandelier, this elegant ceiling light features an elliptical shade made of mouth-blown opal white glass, diffusing a soft, warm glow. A satin brass ring adds a refined detail, making the 301 Ceiling Light a stylish addition to contemporary interiors.

With its compact size, the Rizzatto 301 is ideal for smaller spaces or areas with low ceilings, where a subtle yet decorative fixture is needed. The opal glass shade evenly disperses light, making it suitable for living rooms, hallways, or cosy lounge spaces. Whether used individually or in multiples, this ceiling light offers a sophisticated lighting solution for modern homes and commercial interiors.

Designed for versatility, the Rizzatto 301 Ceiling Light is dimmable when paired with an appropriate LED dimmable bulb, allowing you to adjust the brightness to suit different moods and settings. With its timeless design and premium materials, this light offers a perfect blend of form and function, bringing Paolo Rizzatto's signature craftsmanship into your space.
