PRODUCT DESCRIPTION

Designer: Tom Raffield

Tom Raffield Mooring Table Lamp

The Mooring Table Lamp is part of the Mooring collection by Tom Raffield. The lamp is crafted from solid oak timber to create the iconic curved frame. Oak has a light tone that blends seamlessly into a wide range of decors. When illuminated, light bathes the wood in a warm glow that highlights its natural beauty. A single bulb is suspended from a textile cord, an uncluttered detail that adds to the lamp's refreshingly simplistic profile. Display in an office or living room to fill the space with a bright, functional light while the lamp's sleek and contemporary profile adds a touch of elegance to the space.

Tom Raffield is a pioneer in steam-bending wood, a technique synonymous with his brand. This method has been used when creating the Mooring Table Lamp to form the natural-looking curve at the top of the frame. Steam-bending is a low-wastage and low-energy process that allows Tom Raffield's studio to be sustainable, making the smallest ecological footprint possible. Created from sustainably sourced wood and crafted to last a lifetime, the Mooring Table Lamp is an innovative, contemporary design suited for domestic and commercial interiors.

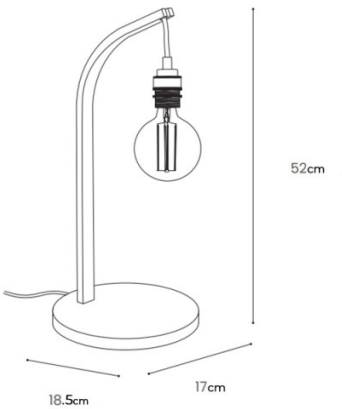

PRODUCT SPECIFICATION
