PRODUCT DESCRIPTION

Designer: Paolo Rizzatto

Nuura Rizzatto 171 Ceiling Lightt

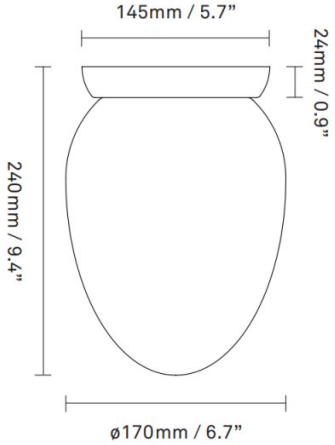

The Nuura Rizzatto 171 Ceiling Light, designed by Paolo Rizzatto, is a refined and compact ceiling fixture that blends modern elegance with timeless craftsmanship. Taking inspiration from the larger pendant lamps in the Rizzatto collection, this design features a drop-shaped opal glass shade, which emits a soft, glare-free glow, creating a calming and inviting ambience. The delicate satin silver metal ring complements the organic glass form, adding a sophisticated touch to any interior.

Despite its modest size, the Rizzatto 171 Ceiling Light provides ample illumination, making it an excellent choice for hallways, entryways, or compact living spaces. The diffused light enhances the atmosphere, ensuring a warm and welcoming environment. Thanks to its versatile design, this ceiling light can be used as a standalone fixture or combined in multiples for a striking visual effect.

Designed for flexibility, the Rizzatto 171 Ceiling Light is dimmable when paired with an appropriate LED dimmable bulb, allowing you to adjust the brightness to match your desired ambience. With its high-quality materials and Paolo Rizzatto's distinctive design, this ceiling fixture offers a perfect balance of style, functionality, and craftsmanship, making it a timeless addition to any contemporary or classic setting.
