PRODUCT DESCRIPTION

Designer: Paolo Rizzatto

Nuura Rizzatto 42 Ceiling Light

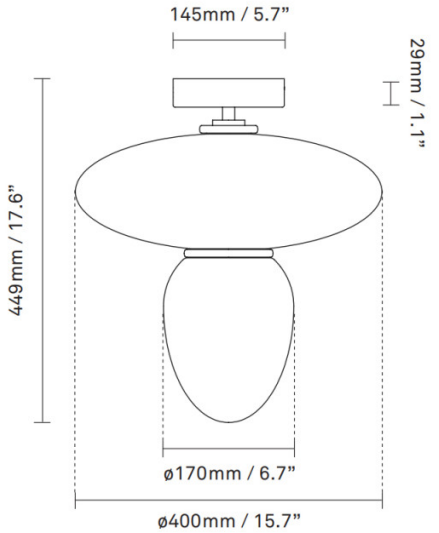

The Nuura Rizzatto 42 Ceiling Light, designed by Paolo Rizzatto, is a sophisticated ceiling fixture that merges elegant geometric forms with a soft, diffused glow. The design features a semi-flush mount structure, with an elliptical opal glass shade gracefully suspended from a satin brass canopy. This balanced composition highlights Rizzatto's signature aesthetic, blending functionality and artistic craftsmanship.

Emitting a warm, diffused light, the Rizzatto 42 Ceiling Light is perfect for bedrooms, kitchens, and hallways, offering a gentle, atmospheric illumination that enhances any interior. The hand-blown opal white glass ensures glare-free lighting, making it an excellent choice for spaces requiring both ambience and functionality. Its semi-flush mount design also makes it ideal for rooms with lower ceilings, where a pendant light might not be suitable.

Versatile and timeless, the Rizzatto 42 Ceiling Light is dimmable when paired with a suitable dimmable LED bulb, allowing for customisable brightness levels. With its high-quality materials and refined silhouette, this fixture is a seamless addition to both modern and traditional interiors, serving as a statement piece that enhances any setting with soft, elegant illumination.
