PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Luna Wall Light

The Astro Luna Wall Light is an interior wall light with a hand-blown glass shade, designed to provide softly diffused illumination. Astro describes the effect as reminiscent of the subtle glow of the moon, giving Luna a gentle presence on the wall without relying on a heavily decorative frame.

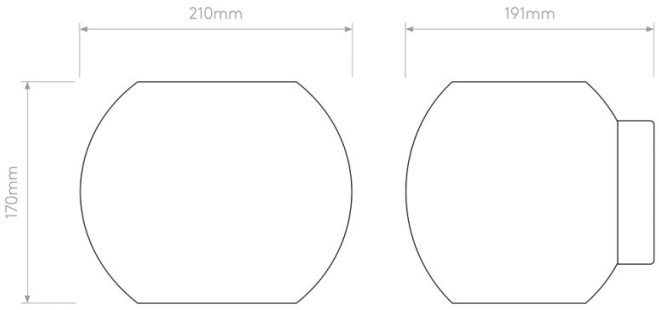

Luna is available in Frosted Glass, Dark Smoke Frosted, and Dark Smoke. The Frosted Glass and Dark Smoke Frosted versions have an acid-etched finish, which helps soften the light. Dark Smoke gives the wall light a deeper tone and shows more of the glass form.

Luna uses one E27 lamp, sold separately, and is dimmable when paired with a compatible dimmable bulb. Designed for interior use, it can also be installed in bathroom zone 3 and is wired in with a Class I construction.

Best suited to living areas, bedrooms, hallways, bedside positions, hotel rooms, and bathroom zone 3 wall lighting.

PRODUCT SPECIFICATION

Light Source:	1 x Max 60W E27 (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Height: 17cm Width: 21cm Depth: 19.1cm
