PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Luna Wall Light

Astro Luna Wall Light features a hand blown glass shade, providing beautifully balanced illumination for interior spaces and bathroom zone 3. Available in Frosted Glass, Dark Smoke Frosted and Dark Smoke, it uses one E27/ES lamp up to 60W and is dimmable when paired with a compatible lamp.

The blown glass shade gives Luna a softer presence on the wall, and Frosted Glass and Dark Smoke Frosted include an acid etched finish that diffuses the light. Astro describes the effect as reminiscent of the subtle glow of the moon, with Dark Smoke offering a darker, more defined appearance.
