PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Arum Sconce Wall Light

Inspired by nature, the Arum Wall Light gets its name from the organic-looking curves of the shade, reminiscent of those on a petal. The unusual shape of the shade gives the Arum a touch of playfulness, while the muted tones of the black finish offer balance and a more sophisticated aesthetic. The aluminium shade is made from powder-coated aluminium, ensuring durability and a luxurious finish. The lampshade can be adjusted by tilting it up or down, providing you with optimal lighting in any situation.

The inside of the shade is finished in off-white colour, which reflects light into a soft and glare-free glow that surrounds the shade. The wall light is fitted with a 2.6-meter fabric cord with a switch, so it needs to be installed close to a socket. A stainless-steel bracket is included, making it simple to mount the Arum Wall Light to your wall. Install in a living room to add a warm ambience to the space. Its minimalistic appearance makes it ideal for contemporary interiors, both domestic and commercial.

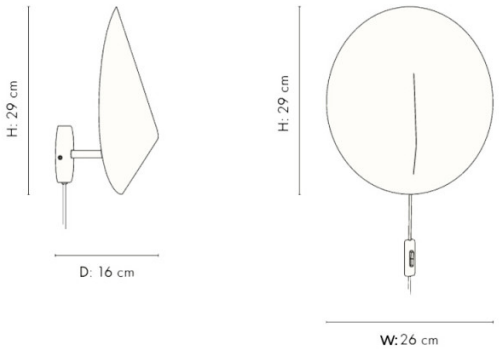

PRODUCT SPECIFICATION

Light Source: 1 x Max 12W E14 LED (Excluded)

IP Code: 20

Dimming: In-line on/ off switch included on cable.

Dimensions: Height: 29cm
Width: 26cm
Depth: 16cm
