PRODUCT DESCRIPTION

Designer: Ferm Living

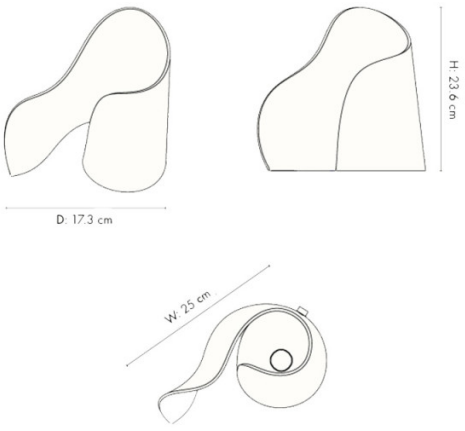

Ferm Living Oyster Table Lamp

Inspired by nature, the Oyster Table Lamp is reminiscent of oyster shells gathered at the beach. Its coarse texture is a result of the casting process, which sees 100% recycled aluminium moulded into organic-looking curves. A dimmable 4W LED light bulb is included, allowing you to adjust the brightness of the lamp to suit your requirements. The Oyster Collection includes the **Oyster Wall Light**, which can be installed in the same room as the Oyster Table Lamp to create an alluring and cohesive display.

The curved structure of the Oyster Table Lamp encapsulates the light source. When illuminated, a glare-free light radiates from within, adding a sense of life to the piece. The centre of the lamp is bathed in light, glowing almost golden, while the outside remains a rich dark colour, creating a captivating contrast. The soft glow emitted is perfect for adding a welcoming ambience to communal spaces such as a living room. Alternatively, display it on a bedside table and let the cosy lighting create a sanctuary within the home.

PRODUCT SPECIFICATION

Light Source:	1 x Max 4W E14 LED (Included)
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Height: 23.6cm Width: 25cm Depth: 17.3cm Cable Length: 260cm
