Tala Core IP65 Recessed Downlight

The Tala Core IP65 Recessed Downlight is a versatile and durable lighting solution designed for bathroom and damp area applications. With an IP65 rating, this downlight is safe for use in Zone 1, making it an ideal choice for spaces exposed to moisture, such as showers and wet rooms. Featuring a sleek white powder-coated aluminium finish, the Core Downlight blends effortlessly into ceilings for a discreet yet effective lighting solution.

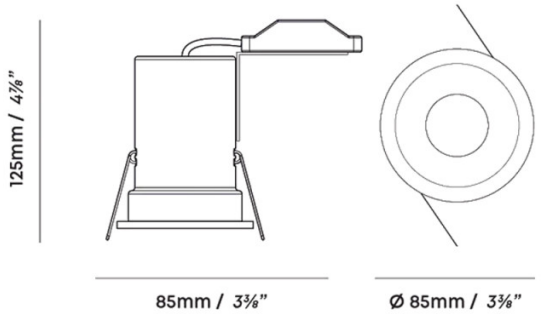

Engineered for long-term reliability, this fire-rated downlight is optimised for a GU10 light source, allowing for easy lamp replacement without the need to remove the entire fixture. This modular design makes installation and maintenance simple and efficient, ensuring adaptability over time. Its recessed trim design ensures a clean and modern aesthetic, while the high CRI rating guarantees accurate colour rendering and enhanced visual comfort.

The Core IP65 Downlight provides an optimal balance between form and function. Whether used as task lighting in bathrooms or as discreet accent lighting in living spaces, this downlight delivers high-performance illumination with a sleek, architectural presence.

Please Note: 2200K and 2000-3000K Dim to Warm versions are also available, please contact us for more information and pricing.
